

IRANIAN-AMERICAN SOCIETY OF CIVIL ENGINEERS

October 18, 2005

Dear Engineering School Official:

On behalf of the IASCE, a non-profit professional group, I am happy to report that we have set aside funds to grant up to three scholarships this year. Please circulate the attached information among the Iranian-American students in your school and invite to submit an application for consideration.

The guidelines and application process are very easy to follow and deserving applicants may be rewarded handsomely for their efforts.

Thank you for your support.

Sincerely,

Nasser Abbaszadeh
